AI (The Future is Near/Here) - Elementary Students

Cyber Hero Essentials – AI (The Future is Near/Here) – How cyberheroes use AI safely and ethically

2 - Slide

What is Artificial Intelligence (AI)

AI is a set of technologies that enable computers to perform a variety of advanced functions, including the ability to see, understand and translate spoken and written language, analyze data, make recommendations, and more.

3 - Quiz

What is AI?

A computer that can think like people

A type of toy

A new type of bicycle

A kind of ice cream

4 - Slide

AI Review

AI is like a smart robot that learns from information to help us do tasks, play games, and make decisions.

5 - Slide

Using AI Safely

AI is like a pet. It can make mistakes and needs rules. However, AI might not understand our feelings and social cues.

6 - Quiz

Why should we be careful with AI?

20 sec

- ☐ Because it can melt ✗
- ☒ Because it might not always understand feelings ✓
- ☐ Because it can fly ✗
- ☐ Because it can eat our food ✗

7 - Quiz

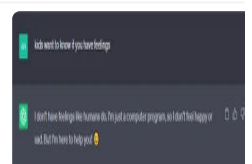

Can AI robots have real feelings like humans?

20 sec

- ☐ Yes, AI has many ranges of emotions ✗
- ☒ No, they just follow instructions ✓
- ☐ Yes, they can be sad ✗
- ☐ Yes, they like ice cream ✗

8 - Slide

Although AI does not have feelings, it is still appropriate to treat AI and other devices with care and respect.

9 - Quiz

Why can't we believe everything an AI tells us?

20 sec

Because they might not always be right

Because they like to play pranks

Because they are shy

Because they dream a lot

10 - Slide

It's important to use AI as a tool and not rely on it blindly, always double-check results for accuracy

AI is not always right. AI makes decisions based on the data and instructions it has been given. If the data is incorrect or the instructions are flawed, the AI can make mistakes.

11 - Quiz

What should you do if an AI toy or game says or shows something strange?

20 sec

Ask a trusted adult about it

Tell it a secret

Hide it under the bed

Sing it a song

12 - Slide

When in doubt - Speak to a trusted adult

If you come across something mean that makes you feel uncomfortable when using an AI chatbot, speak to a trusted adult

13 - Quiz

How might AI sometimes get things wrong for school?

20 sec

It learns from what it sees online, but it can still make mistakes

It guesses answers like a magic 8 ball

It copies answers from other students

It doesn't like reading books

14 - Quiz

Why should we not rely only on AI to learn new things?

20 sec

We learn best from doing, playing, and interacting with people

Robots don't like school breaks

AI only reads books with pictures

Robots forget to do homework
